

FREQUENCY THERAPY SPEAKER

PRODUCT INSTRUCTIONS

AUX IN CONNECTION

Insert the AUX cable into the speaker's AUX IN port and connect the other end to the frequency generator.

HOW TO USE

- 1 CONNECT**
Use the provided AUX cable to connect the frequency generator to the speaker.
- 2 POWER ON**
Press and hold the power button on the speaker until the indicator light turns on.
- 3 SELECT MODE**
Press "M" to switch between modes or play/pause your audio.
- 4 ADJUST VOLUME**
Use your device or the speaker controls to adjust the volume to your preference.
